Trades Introduction Program /TIP San Mateo is a certificated pre apprenticeship course that will help trainees navigate the construction sector, offering them exposure to a wide variety of trades and what it takes to choose an appropriate career path for their skills and interests and apply to become a working apprentice.

TIP does not guarantee employment.

In cooperation with state certified joint apprenticeship training programs, TIP San Mateo delivers the nationally approved Multi-Craft Core curriculum and prepares trainees to enter a green construction career ladder.

There is no fee for the course. Applications are only accepted at the scheduled, mandatory TIP
Orientation
